## IN CASE OF ILLNESS OR INJURY:

There is always at least 1 staff member on site who is SFA and CPR certified. If any camper is in need of minor first aid, the staff are fully trained and equipped to care for the child. If a child becomes overtired, or just needs some TLC, we can provide a quiet rest area supervised by our office staff. If a camper becomes ill or has a serious problem, an early pick-up will be required. We will ensure the best possible care until you arrive.

In the event a child requires immediate medical treatment that cannot wait for parent arrival, ambulance transport will be arranged to a local hospital, at the cost of the family. We will make every effort to contact you as soon as possible. A VZ staff member will stay with the camper until family arrives.
